smart EQ fortwo coupé.

2.69 m forward thinking: the original for the city. Just as short, but electric through and through – with intelligent connectivity, even greater agility, and always with full torque thanks to seamless acceleration.
smart EQ fortwo cabrio.

Open for new energy: the urban convertible. Open sky, empty road and virtually no driving noise – the smart EQ fortwo cabrio is a fresh breeze in the city with new design and intelligent ideas.
smart EQ forfour.

Intelligent charging and plenty of storage space: the electric four-seater for the city. 100% electric. The smart EQ forfour is the perfect city car for four people or lots of luggage.
A new dawn.

Compact luxury.

Specified with you in mind. Heated seats are just the start. With touchscreen infotainment, smartphone integration and a heated steering wheel, the smart range offers everything you need as standard.
Make your smart smarter with the EQ Control App. Available on Android, Apple and Apple Watch.

With the smart EQ Control App you are able to:

- Remotely check how much range you have left
- Schedule charging to ensure you're ready to go when you need to
- Set the pre-entry climate control and departure time, to ensure your smart is always ready, just how you like it
- Charge point finder, so that you can top-up on the move
- Eco driving tips, to help you get the best range

Download on the
Apple App Store

Simple steps to effortless charging.

There's never been a better time to get a new smart EQ fortwo or forfour. We're offering a free bp pulse home charger worth £499* or, if a wall box doesn't suit you, you can opt for a two year free membership to bp pulse charging network worth £148 instead.

Key benefits of the bp pulse home charger:

> 3× faster than a 13 A plug.¹
> Ergonomic styling, robust and weatherproof, for indoor or outdoor use.
> Designed for users with a domestic address and off-street parking.
> Available with £350 OLEV Electric Vehicle Homecharge Scheme (EVHS) Grant (for eligible customers only).²
> Three year product warranty included.

Charging on the go:

Get access to the UK's largest public charging infrastructure with a bp pulse network card – with over 7,000 charge points.

Warning!

If you are planning to charge your smart plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

---

¹Based on 7 kW power output.
²The bp pulse home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office of Low Emission Vehicles (OLEV) and is provided and installed by bp pulse home charger plc. For full details and eligibility criteria for the OLEV EVHS Grant, see https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21. For full bp pulse home charger Terms & Conditions visit https://chargemasterplc.com/terms_conditions

*Price includes £350 OLEV EVHS Grant. Price correct at time of publication, subject to change.
1. Recommended on-the-road price: these prices reflect the Road Fund Licence applicable to the standard model plus £355 for Registration plates (£25 incl. VAT). VAT is calculated at the standard rate of 20%. Prices and specifications are subject to change without prior notice.

2. Price includes £3,000 government grant discount. This grant is provided by the UK Government’s Office for Low Emission Vehicles (OLEV) and as such is subject to change or removal in future depending on Government policy.

### Exterior
- 16" alloy wheels 5-twin-spoke painted black with high-sheen finish
- 85˚ rear doors (forfour only)
- Draught stop (Cabrio only)
- H4 halogen headlamps with integrated LED daytime driving lights
- Panoramic roof with sunblind (excluding Cabrio)

### Interior
- 3-spoke multifunction sports steering wheel in leather
- Armrest in front
- Brushed stainless steel sports pedals with rubber studs
- Comfort package including height adjustable steering wheel and electric mirrors
- Height adjustable driver’s seat
- Retainer belt on passenger seat
- Storage net on centre console
- Winter package – function for pre-entry climate control, programmable via the on-board computer or via smart EQ control app. Seat heating for driver and front passenger, with smart EQ forfour also seat heating in the rear. Extended interior insulation on the door panelling and cockpit. Multi-function steering wheel, heated. Energy-efficient climate control system with enhanced air recirculation function

### Upholstery
- Upholstery in black fabric with double-stitching in white, dashboard and door centre panels in black fabric and accent trim in black/grey

---

1. Recommended on-the-road prices reflect the Road Fund Licence applicable to the standard model plus £355 additional costs necessary to put your car on the road. Included are a standard UK delivery charge (£375 incl. VAT), new vehicle registration fee (£61) and number plates (£25 incl. VAT). VAT is calculated at the standard rate of 20%. Prices and specifications are subject to change without prior notice.

2. Price includes £3,000 government grant discount. This grant is provided by the UK Government’s Office for Low Emission Vehicles (OLEV) and as such is subject to change or removal in future depending on Government policy.

Please note that, owing to limitations of on-screen representation, paint colours may differ from those shown.
In accordance with Directive ECE R85 in its currently valid version.

The indicated values were determined according to the stipulated measuring method in the UK. For Battery Electric Vehicles (BEV) figures determined with battery fully charged. These models require mains electricity for charging. The figures stated were determined in accordance with the stipulated measuring method in the currently valid version. Depending on the local electricity infrastructure and the charging current set on the charging cable.

If you are planning to charge your smart electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

Vehicle operating range: pure electric in miles\(^2\)

Figures in accordance with Directive 92/21/EC in the version 95/48/EC (mass in running order, with driver, 68 kg and luggage, 7 kg) for vehicles with standard equipment. Optional equipment and accessories generally increase this figure, which means that the figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted post-registration, variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO\(_2\) figures can be found at http:/ /carfueldata.direct.gov.uk

\(^1\) In accordance with Directive ECE R85 in its currently valid version. The indicated values were determined according to the prescribed measurement method – Worldwide harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Battery Electric Vehicles (BEV) figures determined with battery fully charged. These models require mains electricity for charging. The figures stated were determined in accordance with the stipulated measuring method in the currently valid version. Depending on the local electricity infrastructure and the charging current set on the charging cable.

\(^2\) Up to roof in accordance with standard DIN 70020-1.

\(^3\) Usable Battery capacity in kAh.

\(^4\) Figures in accordance with Directive 66/22/EEC in the version 95/48/EC in running order, with driver, 68 kg and luggage, 7 kg for vehicles with standard equipment. Optional equipment and accessories generally increase this figure, which means that the payload is reduced accordingly.

\(^5\) Figures are for comparability purposes; only compare with other cars tested in the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted post-registration, variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO\(_2\) figures can be found at http:/ /carfueldata.direct.gov.uk.

\(^6\) Engine/type

\(^7\) Usable Battery capacity in kWh.

\(^8\) Figures in accordance with Directive 92/21/EC in the version 95/48/EC (mass in running order, with driver, 68 kg and luggage, 7 kg) for vehicles with standard equipment. Optional equipment and accessories generally increase this figure, which means that the payload is reduced accordingly. Figures shown may include options which are not available in the UK. For Battery Electric Vehicles (BEV) figures determined with battery fully charged. These models require mains electricity for charging. The figures stated were determined in accordance with the stipulated measuring method in the currently valid version. Depending on the local electricity infrastructure and the charging current set on the charging cable.
Why finance with us?
We believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new smart, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local smart Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

Helping you find the right solution.
You should find our finance packages are more convenient than a traditional personal loan because:

> Funds are immediately available – no waiting for cheques or loans to clear.
> We have clear and transparent rates – the APR we quote is the APR you get.
> We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

If you would like to find out more about any of our current offers, simply call into your local smart Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

One of our most popular finance products is Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions.
If you would like to find out more about these speak to your Retailer or visit uk.smart.com/fandi.

Agility (our PCP product).
At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).
Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

Motor Insurance by smart
Superb cover comes as standard, so who better to insure your car than Insurance by smart?
Features include:

> 24-hour, seven-days-a-week UK accident recovery to your nearest smart-approved repairer.
> Unlimited cover for manufacturer-specification in-car audio and telecommunications equipment fitted by the factory or Retailer.
> If your smart is stolen or subject to total loss then a courtesy car will be provided for up to 14 days or until the settlement cheque is received, depending on which is sooner.
> 180 days’ cover as standard for temporary visits to most of mainland Europe (up to 3 months in one trip).
> New car replacement within the first 12 months for the original owner if your smart is a total loss.

Why finance with us?
We believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

smart road assistance.
With smart road assistance you can rest easy knowing your smart is in good hands in case of accident, breakdown, minor mishap, or vandalism. If your smart encounters trouble, you’ll be able to get back on your way with smart road assistance thanks to benefits such as breakdown repair and towing, hotel accommodation and a replacement car.

All smarts registered in the UK on or after 01/11/2014 will benefit from smart road assistance for three years. After this, your smart road assistance will be automatically renewed for a year every time your smart goes in for an official smart service for up to 30 years.

Full flexibility. Not just in road traffic.
The new manufacturer’s warranty without mileage restrictions from smart offers you a comprehensive scope of protection. We also offer smart ServiceCare, which is a service plan designed to take care of your servicing costs for the next two, three or four services. smart ServiceCare is a great way of keeping your smart in the best shape at a Retailer whilst keeping the costs as transparent as possible.

Warranty.
3 year warranty on new cars without mileage restrictions, for complete peace of mind. Corrosion cover warranty is 12 years on new cars.

Battery warranty.
Up to 8 years or 62,000 miles. Please refer to the service booklet for precise conditions.
With smart ServiceCare from £15.00 per month, it’s easy to enjoy more flexible and affordable car servicing at your local smart Retailer. Because ServiceCare guarantees the price of parts and labour for up to four services and cleverly protects you against any further inflationary rises, the price will never go up.

But that’s not all.
You’ll have a choice of easy ways to pay as well. You can either add your servicing costs to your monthly budget from £15.00, or pay all your servicing costs in one lump sum. Either way, you can relax knowing it’s taken care of in the best way for you.

> ServiceCare guarantees the price you pay today is the price for the next two, three or four services, so what you pay won’t go up even if inflation does.
> Monthly costs from £15.00 make it easier for you to budget because you can spread the cost of servicing.
> You’ll be adding an official stamp to your service history. So when it comes to selling your pride and joy on, future owners can look for the manufacturers’ seal of approval when they buy.
> You’ll have the satisfaction of knowing that your car will be serviced by specially trained technicians, using the latest diagnostic equipment and smart GenuineParts.
> Fully transferable to a new owner if you sell your smart, providing the plan is paid for in one lump sum.

We will be happy to take back your smart for environmentally friendly disposal in accordance with the European Union (EU) Directive on End-of-Life Vehicles — but that day lies a long way off. To make it as easy as possible for you to return the vehicle, there is a network of companies which will take back your old car and dismantle and recycle it. You can return your vehicle to one of these companies free of charge. In doing so, you will be making a valuable contribution to closing the recycling loop and to saving resources.
